

**ADVISORY COMMITTEE ON THE MICROBIOLOGICAL SAFETY OF FOOD**  
**DISCUSSION PAPER**

**Third report of the Ad Hoc group on Campylobacter (FINAL DRAFT)**

**Background**

1. The ACMSF *Ad Hoc* group on *Campylobacter* presented the first draft of its report to the Committee for comment at its meeting in January 2018 (ACM/1254). Comments made by Members were incorporated into the report before the report was put out to consultation for ten weeks between March and May 2019.
2. Comments were received from three respondents which are presented in Annex A.
3. The *Ad Hoc* group held a meeting on 7<sup>th</sup> June to review the consultation comments and the group's comments are presented in Annex A.
4. The report has been updated to reflect the consultation responses and an updated final draft is attached as Annex B. Amends made following consultation are highlighted.

**The Committee is asked:**

- To indicate whether it is content for this final draft (subject to some minor editorial amends) to be published and
- Whether it has any further comments to include.
