

ADVISORY COMMITTEE ON THE MICROBIOLOGICAL SAFETY OF FOOD

MICROBIOLOGICAL SAFETY OF FOOD FUNDERS GROUP

***CLOSTRIDIUM* REPORT**

The attached papers provide an overview of publicly funded research relating to *Clostridium* 1990 to mid-2006. This report has been drafted by the MSFFG Co-ordinator, Dr Celia Caulcott and is based on project information provided by the Members of the Microbiological Safety of Food Funders Group (MSFFG). The interpretation of this information has not been subject to approval by individual contractors. ACMSF Members should note that this report has been published on the Food Standards Agency website at the following address:
