

**ADVISORY COMMITTEE ON THE MICROBIOLOGICAL SAFETY OF FOOD
INFORMATION PAPER**

**SECOND PROGRESS REPORT ON STRATEGY FOR THE CONTROL OF
MYCOBACTERIUM AVIUM SUBSPECIES *PARATUBERCULOSIS* (MAP)
IN COWS' MILK**

The attached strategy for the control of MAP in cows' milk was presented to the Food Standards Agency Board in March 2006 for information. ACMSF Members should note that this report has been published on the Food Standards Agency website.
