

ADVISORY COMMITTEE ON THE MICROBIOLOGICAL SAFETY OF FOOD

INFORMATION PAPER

**FAO/WHO Risk Assessment on Enterohaemorrhagic *Escherichia coli* in Raw
Beef and Beef Products**

Members may wish to be aware that the Food and Agriculture Organization of the United Nations and the World Health Organization have recently published a Meeting Report entitled: Enterohaemorrhagic *Escherichia coli* in raw beef and beef products: approaches for the provision of scientific advice: Microbiological Risk Assessment Series No. 18.

The Report is available on the WHO website at the following link:

http://www.who.int/foodsafety/publications/micro/mra_18/en/index.html
