

ADVISORY COMMITTEE ON THE MICROBIOLOGICAL SAFETY OF FOOD  
INFORMATION PAPER

**EFSA reports on harmonised monitoring**

The European Food Safety Authority (EFSA) published 2 reports on 11 November 2009 aimed at improving the monitoring and reporting in the EU of *Yersinia enterocolitica* in slaughter pigs and *Escherichia coli* (VTEC) on animals and food.

Further information and technical specifications can be found on the EFSA website at: <http://www.food.gov.uk/news/newsarchive/2009/nov/scienceadvice>
