

ADVISORY COMMITTEE ON THE MICROBIOLOGICAL SAFETY OF FOOD
INFORMATION PAPER
FSA Strategic Plan 2010-2015

In December 2009 the FSA's Strategic Plan for 2010-2015 was launched.

The strategy is shaped by the FSA core principles of putting the consumer first, openness and independence, and being science and evidence-based.

The five outcomes the Agency aims to deliver are:

- food produced or sold in the UK is safe to eat
- imported food is safe to eat
- consumers understand about safe food and healthy eating, and have the information they need to make informed choices
- food products and catering meals are healthier
- regulation is effective, risk-based and proportionate, is clear about the responsibilities of food business operators, and protects consumers and their interests from fraud and other risks

The Strategic Plan is available on the FSA website at the following address:
